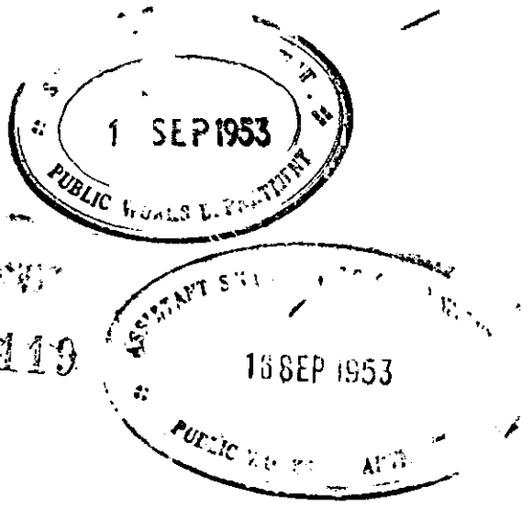
FURTHER PAPERS.

Department.	Number.	Series.	Date.

To
The Chief Minister,
Govt. of Madras,
Madras.



Memorandum submitted by
Sri. M.S. Mogral, M.L.A.,
P.O. Mogral.
(Via) Kumbla. (South Kanara.)

Dear Sir,—

I understand that an agreement has been recently concluded between the Madras and Mysore Govts. for the supply of electricity to the South Kanara District from Jog; and that the work connected with the said supply is to commence at a very early date.

In this connection, I wish to invite your kind attention to the Kumbla, Manjeshwar and Kasaragode Firkas and their pressing needs of electricity. The Kumbla Firka in Kasaragode Taluk was first selected by the Govt. for intensive rural development and the benefits of the Rural Welfare Scheme were later extended to the Manjeshwar Firka also. There has been a persistent public demand for inclusion of the Kasaragode Firka within the range of the Rural Welfare Scheme. Even at the inauguration of the Firka Development Scheme in the Kumbla Firka, the spokesmen of the Govt. had promised an adequate supply of electricity from a reliable power project for the full development of the area. The three Firkas enumerated above are situated along the coast and have vast potentialities for the development of agriculture provided electricity is supplied adequately and even lucrative industries can be started to supplement the agricultural development.

However, the Kasaragode Taluk, which is one of the six taluks of the South Kanara District is a deficit area in the matter of foodgrains and has remained backward all along. It is really unfortunate that the benefits of the Community Projects Scheme has been denied to this Taluk though it deserved every

encouragement on that behalf. Kasaragode is just 29 miles from Mangalore and the three firkas enumerated above lie contiguous to each other along the route from Mangalore to Kasaragode. The Central Cocoanut Research Station is also situated between Kumbla and Kasaragode and does need a reliable supply of electricity for its useful activities. There are various concerns such as Tile Factories, Saw Mills, Oil Mills and agricultural farms which could not prosper up to reasonable expectations for want of electricity.

In view of the circumstances detailed above, I earnestly request you to kindly extend the supply of electricity to the Firkas of Kasaragode, Kumbla and Manjeshwar and thereby fulfil the long-standing desire of the people.

Mogral, Kumbla.

Letter No. 2816 F/53-9 dated 1-3-54.

Sir,

SUB: Electricity--Pykara System--Extension of power to Kasargode, Kumbla and Manjeshwar firkas

REF: My letter No. 2816 F/53-8 dated 19-2-54.

:::::

A detailed scheme for the supply of power to Kumbla and Kasargode estimated to cost about Rs. eight lakhs in the first year rising to Rs. Twelve lakhs was investigated in 1946-47 and sent to Government. In view of the poor return and high cost, the scheme was ultimately ordered to be dropped vide G.O.Ms.No.3201, P.W. dated 29-8-1949.

2) An agreement has recently been concluded with the Mysore Government for the supply of power to South Kanara District from Jog. The work of erecting the 110 KV line to Mangalore is already in progress and it is expected to be completed by the end of July 1955 even much earlier than the supply from Jog is made available. A comprehensive scheme for supply to these places including enroute places like Ullal, Manjeshwar, Mangalpadi, Kumbla, Kasargod and Pallikere will be evolved from Mangalore 110 KV Sub Station and necessary proposal willbe finalised sufficiently in advance of the materialisation of the 110 KV Sub Station at Mangalore.

3) With reference to Government Memo No.10002-I/54-1 dated 18-2-54, I have to state that no representation has been received recently for the extension of power to Kasargod area. In memo No. 103436 E/53-1 dated 3-12-53 Government forwarded an extract of the Welcome address of the President and members of Kasargod Panchayat Board addressed to the Hon'ble Chief Minister, for necessary action.

Letter No. 83196/53-4 Dated: 13-3-54

To

Sri M.S.Mogral, M.L.A.,
Mogral, P.O., Kumbla, South Kanara.

Sir,

Sub:- Electricity--Pykara Elecy. System--South Kanara Dist--Kasaragode Taluk--Kasaragode, Kumbla and Manjeshwar Firkas-Extension of supply.

~~Ref:- Your Memo.dated 11.9.53, to C.M.~~

With reference to your memorandum dated 11.9.53 to C.M., I am directed to state that the question of extending electricity to Kasargod and Kumbla firkas by erecting a thermal station was considered in 1948, but it was dropped as the scheme was not expected to yield even a return which would cover working expenses. An agreement has recently been concluded with the Mysore Government for the supply of power to South Kanara Dist. from Jog and as a preliminary step, the Government have sanctioned the erection of 110 K.V. sub-station at Mangalore. The work is already in progress and it is expected to be completed by the end of July 1955. The feasibility of extending supply to places in South Kanara Dist. like Ullal, Manjeshwar, Mangalapadi, Kumbla, Kasargode and Pallikere from the proposed sub-station at Mangalore will be examined and suitable proposals finalised well in advance of the ---

P.T.O.

materialisation of the above sub-station.

Yours faithfully,

Copy to the C.O.E.(S). w.r.t. his Lr.No.2816/F/53-9, dated 1.3.54.

PWD(E.3).

Sub:- Electricity--Pykara Electricity System--South Kanara District--Kasaragode Taluk--Kasaragode, Kumbla and Manjeshwar Firkas--Extension of Supply.

Ref:- From Sri M.S.Mogral, M.L.A., Memorandum to C.M. dated 11.9.1953.

From the C.O.E.(S) Letter No.2816-F/53-9, dated 7.3.1954.

Please see the Memorandum submitted by Sri M.S.Mogral, M.L.A., at pp.1-3 cf. and the report of the C.O.E.(S) at p.17 cf.

2. In his memorandum cited, Sri M.S.Mogral, M.L.A. has stated that Kumbla, Manjeshwar and Kasaragode firkas in South Kanara District are situated along the coast and have vast potentialities for the development of agriculture and industries provided electricity is supplied and has requested that supply of electricity may be extended to the firkas of Kasaragode, Kumbla and Manjeshwar.

3. The question of constructing a thermal station at Kasaragode was considered in 1948, but it was dropped as the scheme was not expected to yield even a return which would cover working expenses.

4. The C.O.E.(S) has now stated that an agreement has recently been concluded with the Mysore Government for the supply of power to South Kanara ~~power~~ from Jog. For the purpose of distribution of this power, the erection of a 110 K.V. line to Mangalore is necessary and it is stated that this work is already in progress and is expected to be completed by the end of July 55. The C.O.E.(S) has further stated that a comprehensive scheme for supply to places like Uchila, Manjeshwar, Mangalpadi Kumbla, Kasaragode and Pallikera from the proposed sub-station at Mangalore will be finalised

sufficiently in advance of the ~~xxxxx~~ materialisation of the sub-station.

The M.L.A. may be informed of the position. The draft letter below is for approval.
